

AcX Live™ Demos On-Demand

- ISVs, you now can have:
 - A real, “live” and “always on” demo of your solution with *no* installs or CDs, and central easy access!
- Consistent “fresh” demo for every presentation
 - Each session is auto-deleted & reset clean
- Demo now or *self-schedule* for best time!
 - Use the AcXess Virtual Workspace Scheduler™ for a guaranteed time for your demo / presentation
- Great for sales, partners, training and consulting
- Web based reporting tool for fast sales follow up!
 - Know who’s running demos, when and for how long
- New “Saved State” for saving your customized demo sessions
 - Perfect for trainers, consultants, integrators or business partner use
- High performance and live over the Internet
 - Runs on Microsoft Virtual Server 2005 R2 SP1

Customers include:

Used by thousands of Microsoft & Citrix employees in their daily work to demo and sell their solutions

The screenshot shows a 'Schedule Demo Solution' interface. It includes a 'Select Day' section with a calendar for January, where the 13th is selected. To the right, there are dropdown menus for 'Time' (set to 'Now') and 'Time Zone' (set to 'Eastern'). Below these is a 'Duration' dropdown set to '1:00'. A 'Send Request' button is located at the bottom right of the form.
